beautyLight

BECAUSE ANTI-AGING IS TRENDY

We all know that red light has a stimulating effect on the collagen and elastin
fibres of the skin. The trend is clearly set on beautyLight.

It is the perfect cosmetic add-on treatment to anti-aging products on the market.
With regular use, your customers can show off the results: a smoother, firmer com-
plexion due to increased firmness and elasticity of the skin and connective tissue.

AN EASY AND EFFECTIVE ANTI-AGING TREND!

megaTrend's full range offers you cross-brand lamps and light radiators for your sunbeds.
